# Transition Year Programme

Parents Information Session  
Thursday 4th September

Student Dimension	Description
Personal Growth	Students mature socially and emotionally over the course of the year, developing in areas that include health and wellbeing, autonomy, identity, empathy and leadership.
Being a Learner	Building on their previous experiences, students begin to develop as senior cycle students, embracing opportunities and strategies for learning that work best for the student now and into the future.
Civic and Community Engagement	Students make a positive difference in their schools, communities and society. They learn to act on their responsibilities and exercise their rights as local, national and global citizens in ethical and sustainable ways.
Career Exploration	Students explore diverse future pathways in a guided and coordinated manner, gaining first-hand workplace experience, and developing career-related competencies.
